

Baby Moses

Exodus Chapter 2

The sons of Israel increased greatly in the land of Egypt. So the Pharaoh commanded every son that is born to be cast into the river. A woman from the sons of Levi had a child who was very beautiful so she hid him for three months. She was not able to hide him any longer. She took a basket for him and she put the child in it, and placed it in the reeds by the edge of the Nile River. His sister, Miriam, stayed at a distance, to know what would happen to him.

The daughter of Pharaoh went down to bathe at the Nile. Her slave women were walking on the side of the Nile. She saw the basket in the midst of the reeds, and sent her slave-girl to get the basket for her. She opened it and saw the child, and there was a boy crying! She had pity on him and said, "This one is of the children of the Hebrews."

Miriam said to Pharaoh's daughter, "Shall I go and call a woman for you, a nurse of the Hebrew women, that she may nurse the child for you?" The Pharaoh's daughter told her to go and get the child's mother. The Pharaoh's daughter said to her, "Take this child away and nurse him for me, and I will give your wages." And the woman took the child and nursed him.

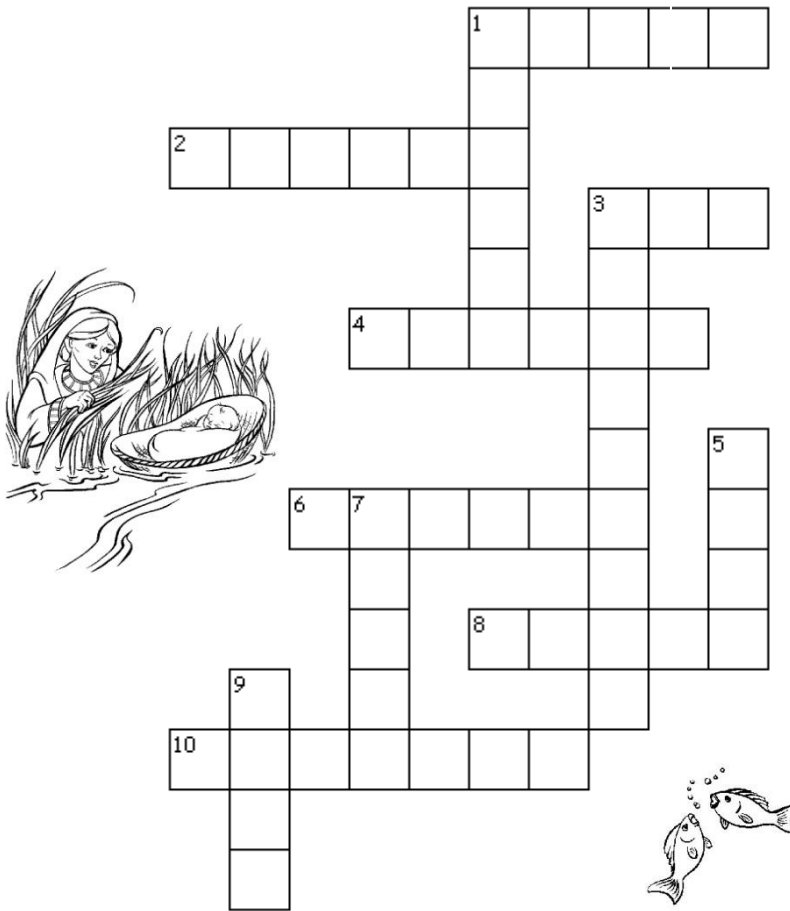

The child grew, and she brought him to the daughter of Pharaoh. He became a son to her, and she called his name Moses, and said, "Because I drew him out of the water."
